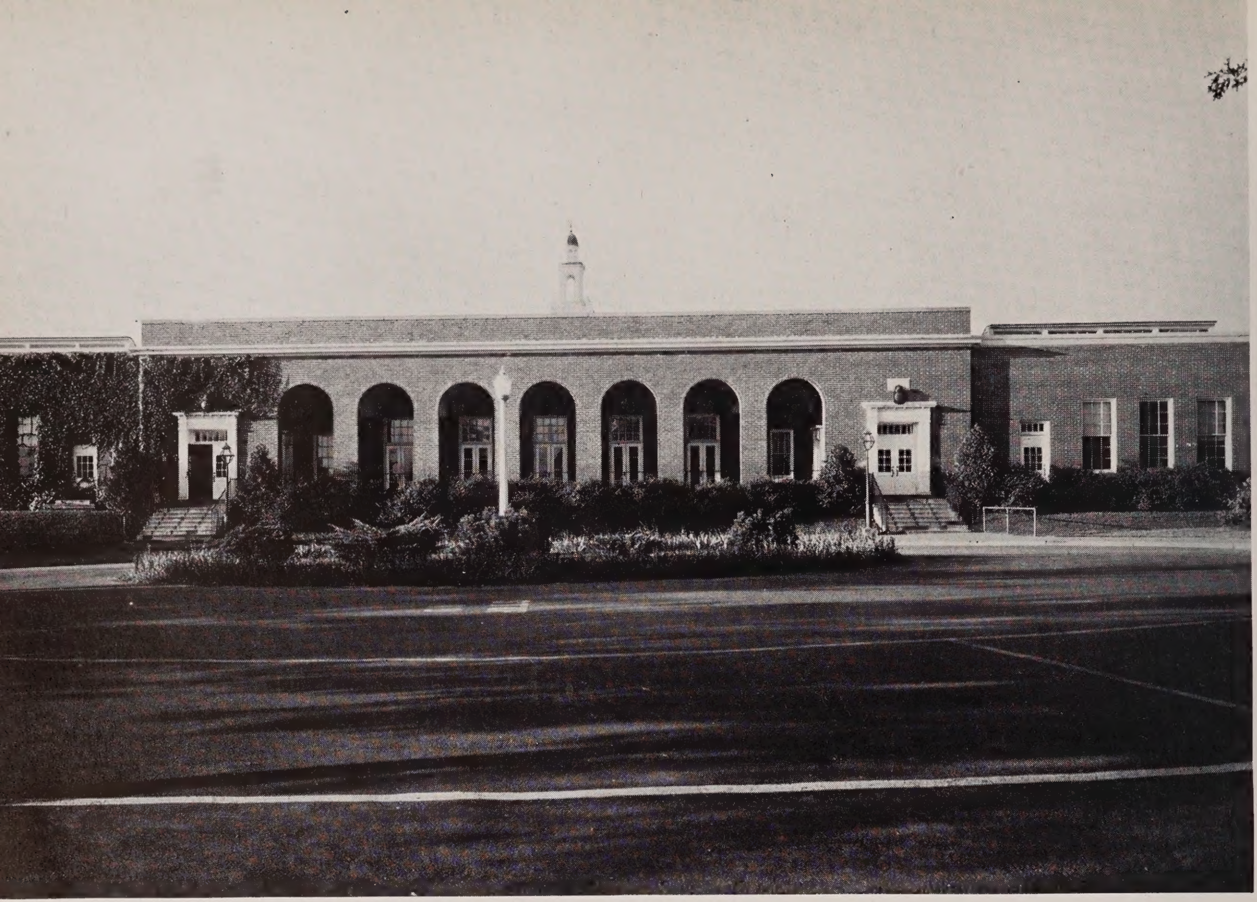
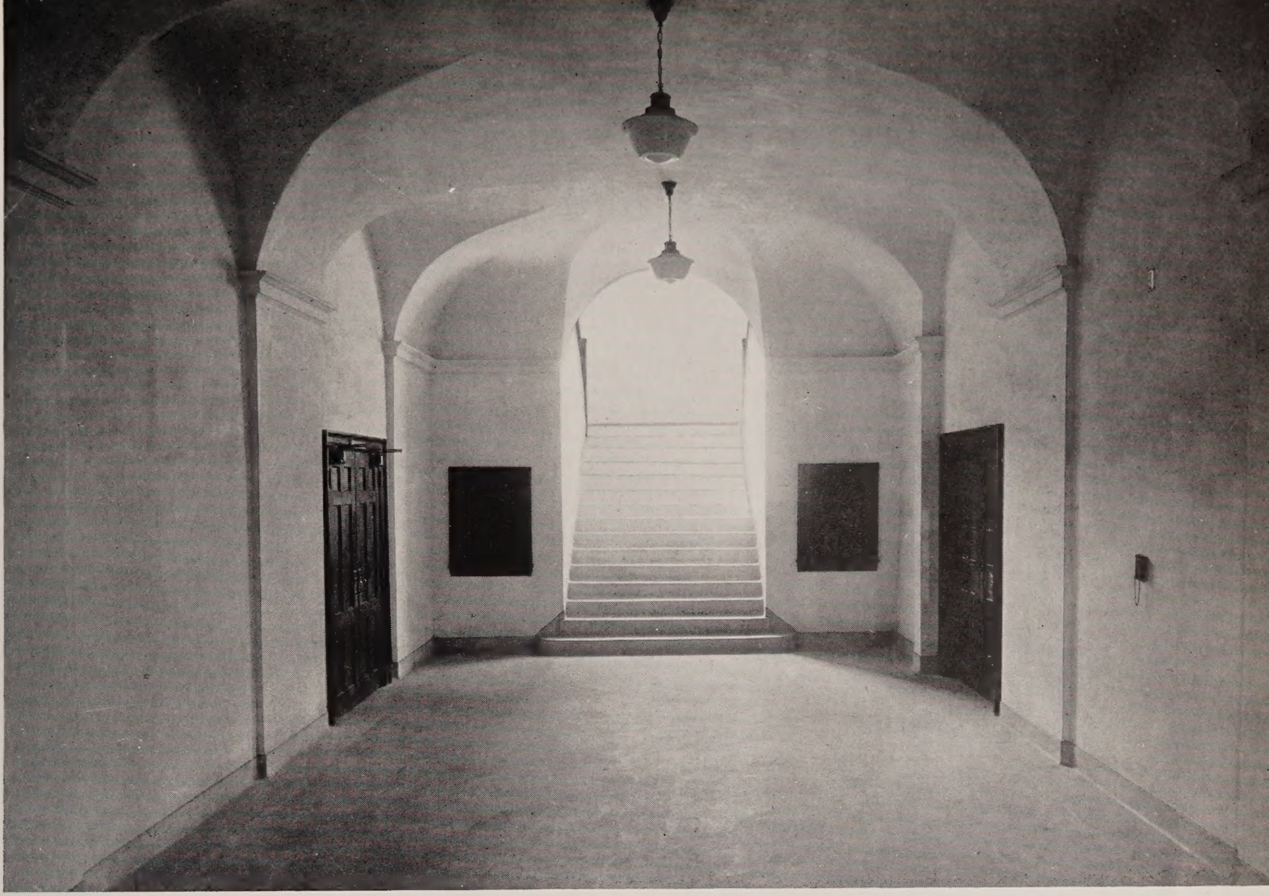
IN OUR EVERY-DAY LIFE THE PRESENT IS BUT A FLEETING INSTANT, AND THE PAST A MEMORY WHICH CAN NEVER BE CHANGED OR RELIVED. THE FUTURE ALONE REMAINS—A TIME TO WHICH ONE CAN LOOK FORWARD, AN UNKNOWN PERIOD WHICH WILL ALWAYS BRING NEW EXPERIENCES. THEREFORE, WITH THIS THOUGHT IN MIND, THE CLASS OF 1936 DEDICATES THIS FIFTEENTH VOLUME OF THE HANDLIAN TO THE FUTURE STUDENTS OF HANDLEY, WHO, LIVING IN OUR FUTURE, WILL, WE HOPE, BENEFIT FROM OUR PRESENT.

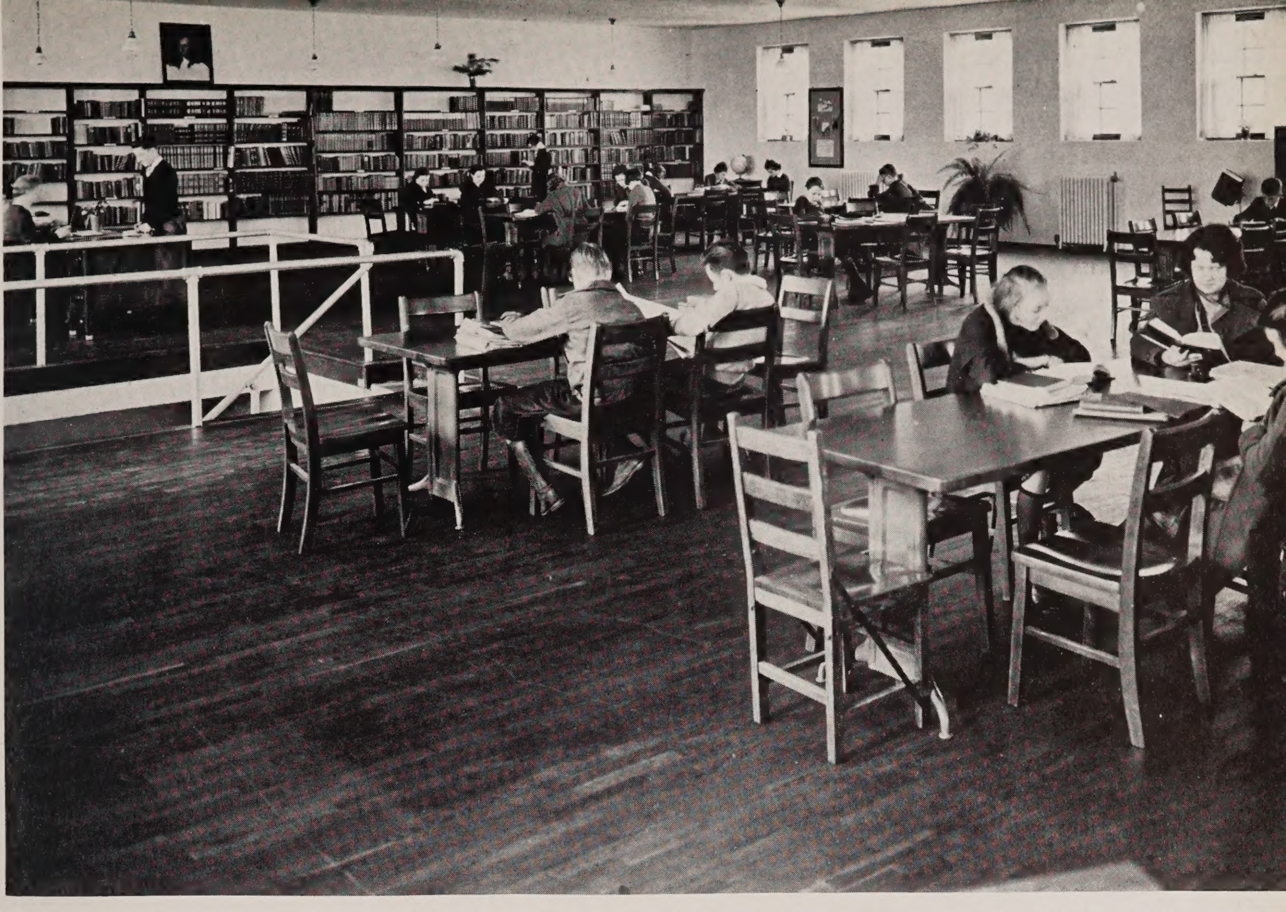


THIS ATTRACTIVE CIRCLE TENDS TO ENHANCE OUR SCHOOL BY ITS SIMPLICITY AND BEAUTY. IT PROVIDES A PERFECT TERMINUS TO THE EQUALLY BEAUTIFUL BOULEVARD.



THIS LOFTY, WHITE HALLWAY IS AN OUTSTANDING FEATURE OF OUR SCHOOL. IT IS BOTH ACCOMMODATING AND HOSPITABLE, AND NO ONE ENTERS IT WITHOUT A FEELING OF APPRECIATION AND APPROVAL.

KING WINTER IS NOW REIGNING AT HANDLEY, AND A DEEP WHITE BLANKET COVERS ALL, LENDING A MORE TRANQUIL AND DISTINCTIVE APPEARANCE TO THE SCHOOL.



A FEELING OF WORLDLINESS AND CULTURE EMANATES FROM THIS BEAUTIFUL ROOM. IN ITS QUIET SPACIOUSNESS WE HAVE SPENT MANY ENJOYABLE HOURS, GAINING BOTH KNOWLEDGE AND GUIDANCE.

MISS RICE

There will always be classes and there will always be sponsors, but never a class more successful than '36 or a sponsor so helpful and inspiring as Miss Rice. Her cheerfulness and energy have always been there to urge us on to better things and through her our success has been achieved. What would we have done during those trying days before the Handlian went to press without her able assistance and unquenchable enthusiasm? For the past three years every problem that come up has been answered by —"Ask Miss Rice, she'll know." She always has.

MR. JOYCE

During our first year in high school we were taught by a man who was a newcomer to the faculty staff of Handley. So, having launched us upon our high school career, it was altogether fitting and proper that he should be elected as the person to direct us in this, our most difficult year, and to aid us in completing our career in June '36. This teacher is Mr. Joyce, who as sponsor of the class of '36 has proved himself a true friend to all the Seniors as he carefully dropped a hint here and there, untangling our most perplexing problems. To him we, the members of the Senior Class, wish to extend our heartfelt thanks for his thoughtful guidance.

JANE STUART BICKERS

General Course; Dramatic Club '35; Executive Council '33; Booster Club '36.

WILLIAM HARMON BELL

Academic Course; Executive Council '33; Junior Play '35; Dramatic Club '36; Assistant Art Editor of Handlian '36.

Bill is the string bean of our class. His ability in art has been shown time and again by his excellent drawings. For his tendency toward arguing, we refer you to Mr. Browning.

CLASS POEM

LET US

O come, let us raise our glasses and pledge ourselves anew
To the scarlet and the silver, a class that rings steel-true,
For soon we'll leave old Handley with its mem'ries warm and dear,
Its loyal, royal friendships that have marked each golden year.
There's a new world calling to us, and a new life lies before—
But we'll not forget old comrades, and the days that are no more.
So come, let us raise our glasses and pledge ourselves anew;
O scarlet flag, and silver, here's our farewell toast to you.

CLASS HISTORY

The great genius Shakespeare divided the life of man into seven distinct stages. Likewise, we have divided the history of the class of "36" into seven stages of development and progress.

The first scene opens. It is during the World War between the years 1915 to 1918, and in and around Winchester are born ninety-six babies, destined to become members of the class of '36.

One sunny morning in September 1923, these same babies, now bright-eyed youngsters of six, walked into John Kerr for their first day of school. Here for three years they labored, as small children do, with the multiplication tables and the adventures of Baby Ray. These simple exercises laid the foundation for the advanced high school studies. Here, too, playing games on the vacant lots nearby they developed not only their bodies, but also that spirit of cooperation which greatly aided them in their participation in high school sports.

To start the third stage of their career, they marched with pride and self-importance to the great Handley building, to continue their studies. Here, some of the most valuable members joined the class by passing the third and fourth grades in one year. They studied during the next three years of this stage without further interruption.

Then in 1930 came a highlight of their career, when the fourth stage was begun by entering Junior High School. At the beginning of this stage the class made the acquaintance of Mr. Joyce, who was just appearing on the faculty of the school. Little did they realize that he who saw them into high school would in turn see them out and do his best toward making the class a success.

During the fifth stage, the Freshmen and Sophomore years, the boys and girls, now almost grown, made the acquaintance of Miss Rice, their other sponsor, who from this stage until commencement stood beside them, giving encouragement and advice.

In the second part of this same period, class meetings were held to elect officers and sponsors, that they might start on the road toward the strongly unified body of workers into which they later developed. Some of these members wrote a complete constitution for school government and renewed the old custom of collecting flags. Several fine specimens were procured and presented to the school. Also, as Sophomores they helped with the graduation exercises for the first time by collecting boxes and barrels for the bonfire.

In the sixth stage of their career this group began to realize the value of its early cooperative training. In the first few months of this stage was presented an outstanding play of school life entitled "At the Fountain." Shortly afterwards in a mass meeting the class voted to present a Junior dance, and planned to make it the outstanding social event of the winter season. Need it be said that this dance was even more successful than had been expected? A few of the more illustrious and enterprising members of the class organized an Honor Club to promote honor among the students. A jury was elected, by-laws were written, and over half of the students in the senior high school were enrolled as members. For this, if for nothing else, the class of "36" will long be remembered. To further advance the honor of the school, this group decided that no person should become a member of the Handlian staff unless he was a member of the Honor Club.

By much hard work and through the cooperation of every member, the Juniors were able to create for the Junior-Senior Prom a rose garden of unsurpassed beauty. Retaining this air of festivity, the Juniors took their first major part in the commencement exercises by carrying lanterns to the bonfire and escorting the Seniors at class day exercises.

With a general feeling of anticipation the "thirty-sixers" ended the sixth stage of their career with one last meeting, in which they all pledged to share alike the duties and hard work of the seventh and last stage.

We now come to the closing stage in the school career of this class—that long awaited time of glory which was to bring them many happy hours together.

They are now Seniors, those envied and admired super-beings who set the example for the undergrads to follow.

To promote the feeling of congeniality and fellowship among the members of the class, the Seniors opened the social season by presenting an enjoyable Senior dance. At this time great activity appeared in the Handlian room where the staff and their helpers labored diligently to present a year-book worthy of such an outstanding class. At the suggestion of their president, the Seniors took as one of their main projects the development of a trait everyone admires, courtesy. By constantly striving to be more polite and considerate, they finally conducted themselves as befitted a group of young southern ladies and gentlemen.

Early in December the boys from this class presented in assembly a program which was said by all to be one of the most original and entertaining student programs ever presented.

At this time the Senior Play Committee, appointed the first week of school, decided to present "Moonshine and Honeysuckle," a folk play of the Kentucky mountaineers. This play was a definite departure from the usual type of Senior play; and to prove the wisdom of this change the auditorium was filled with students and patrons who were greatly surprised that a Senior class could produce a play of such distinctive quality.

As we all know "Time flies", and soon the time came for the class of 1936 to disband and embark on the stormy sea of life. We shall not linger long on the commencement exercises, but when the students received their diplomas they glanced once more at the familiar faces of their classmates and dispersed to all parts of the world.

Though they have gone and their footsteps are heard no more, the class of "36" has carved a permanent niche in the history of the school, as it will in the history of the world.

CLASS WILL

We, the class of nineteen hundred and thirty-six, being of sound minds, do hereby declare this our last will and testament, hereby revoking all former wills, bequests and devices of whatever nature by us made. We do bequeath to the understated to be administered by the executors.

The said executors shall be the janitor, Mr. Ritter, the school carpenter, Mr. Knee, and the night watchman, Mr. Flenner. These executors shall give bond that they will earnestly endeavor, for one school year, to keep the school clean and free from trash, to make it a suitable place in which all future Dignified Seniors may reside.

1. To Miss Betsy Rice and Mr. Russell Joyce we give our sincere appreciation and unlimited thanks for their excellent and unfailing help and advice during their term of sponsorship.
2. To the Assembly at Large we leave the right to adopt, as the "Handley Hymn", "Onward Christian Soldiers," as we believe this will save the pianist much time, Mr. McIlwee many throat aches, and the students unlimited confusion and embarrassment.
3. To "Snag" Sargent we leave the privilege of organizing a "White Shorts Swimming Brigade" to take care of the over abundant supply of "rain" water in the play court and halls.
4. To Mr. Browning we leave a brush pile, kindling wood, and matches, to provide him with his desired type of decent burial—death due to the sudden shock of having that ever-hoped for piece of original work, voluntarily done.
5. To the School we leave an annual coal allowance, and money for a special recreation room to be built near the old Boiler room, for the use of the Male Faculty at lunch.
6. To all future Seniors we leave those much talked of "Senior Privileges", if they can originate any.
7. To all future gigglers we leave the echo of that famous "Mason-Smith-Hughes" giggle trio.
8. To the Girls' Gym Classes we leave the right to establish a Girls' Track Team to represent the school in girls' athletics.
9. We hereby create a special assembly to be held on the last day of school, at which time Mr. Browning and Mr. Quarles will sing and dance—if they do not '"back-out" as usual.
10. To the "Angels" we leave the pleasure of presenting original assembly programs, on the order of the famous "Homeo and Huliet."
11. We leave the students this challenge—"to try to be as courteous as the Seniors have proved they can be."
12. The following personal bequests are left:
    1. To Mary Scully we transfer the senior symbol of authority from Loring K. Himelright.
    2. To Billy Baker we leave Ralph Shafer's, "Come hither, girls, I'm giving you a break," charms.
    3. To Rachel Jennings we leave Hazel Oates' "Gift of Gab."
    4. To the lunch room we leave a half-interest in the Coca-Cola, Beech-Nut, and Camel factories, the products to be sold to the students.
    5. To Anne "Doug" Seal we leave Miriam Curry's personal interpretation of the verb—"to walk."
    6. To Mrs. Riley we leave the privilege of teaching each Glee Club member how and when to sing a solo.

Feeling our day near at hand, we, the class of nineteen hundred and thirty-six, do hereby set our hands and seals this 11th day of June, in the year of our Lord, nineteen hundred and thirty-six.

HANDLEY HIGH SCHOOL BAND

PROFESSOR W. H. McILWEE
Director

In spite of the fact that it has lost an unusually large number of members through graduation, the band, under the able leadership of Professor McIlwee, has maintained its usual high standards of performance. This organization has always played an important part in school activities and has for the past several years been playing very commendably for the pageant during the Apple Blossom Festival. This year its presence at football games added a real zest to the cheering.

The Dramatic Club got an early start this year and held its first meeting on October 14. The purpose of this club is to study all phases of play production and present several plays a year.

Thus far the dramas they have given clearly show that this organization, under the guidance of Miss Cornwell and Mr. Browning, has been both sincere and successful in its efforts to present outstanding plays.

The year 1935-36 will be remembered in the history of Handley school for at least one outstanding achievement—an operetta. Although nothing of this nature had been tried for several years, "And It Rained" was undoubtably a success. It was very ably directed by Miss Robinson, assisted by Mrs. Riley, Mrs. Barr, Miss Ruth Berry, and Mr. McIlwee. We extend our heartiest congratulations not only to these but to all who took part in the operetta.

HANDLEY **SEPTEMBER 28** **BERKELEY SPRINGS**

The football season of the Handley Judges opened with a bang, though it took the new and practically green team until late in the second quarter to play the game they were really capable of playing. Scoring in each of the last three quarters and gaining but one extra point, they gave Berkeley Springs a 19-to-0 defeat.

HANDLEY **OCTOBER 4** **HARRISONBURG**

With the opening of the second game our team met their first real test of the season. While there were several bright bits of play, and although strength was exhibited by the Judges on several occasions, the team did not consistently display the polish and precision of an experienced eleven. Still when backed into the shadow of their goal posts by the Harrisonburg "Blue Devils", they showed the grit essential for a winning combination by repelling the invaders and holding them to a scoreless tie.

HANDLEY **OCTOBER 11** **WASHINGTON & LEE**

Coach Och's chargers played a strong defensive game against the all powerful Washington and Lee eleven, to whom predictors had favored an easy and overwhelming victory. A partially blocked Handley kick, which was recovered on our fifteen yard line by a Clarendon man, resulted in the lone score to which an extra point was added, making the score 7-0 in favor of Washington and Lee.

HANDLEY OCTOBER 18 LURAY

After getting off to a good start in the first few minutes of the game by taking the ball to Luray's ten yard line, Handley lost it on downs. From then on the Judges did a complete about-face, losing all the advantages gained in their first drive. Consequently they tossed the game away, giving the "Cavemen" a 12-to-0 victory.

HANDLEY OCTOBER 26 ALLEGANY

The Handley Judges got to a bad start in the opening tilt of the Cumberland Valley Athletic League series, suffering a defeat of 27 to 7 against the Alleganians. The game looked as though it might be a fierce struggle between two equally matched teams, but at the beginning of the second half the Cumberland team reentered the game with renewed vigor and ran through the Handley line to score an additional twenty points.

HANDLEY NOVEMBER 1 R. M. A.

The last of the non-league games ended in a complete victory for the Handley eleven over the R. M. A. Cadets. The Judges, using the experience which they had gained in previous skirmishes, played a spirited game. Completely outclassing their opponents, our boys smashed through their defense for a 12-to-6 victory.

HANDLEY NOVEMBER 9 HAGERSTOWN

During the first quarter each team, alternately playing an offensive and defensive game, held their opponents to a scoreless tie. Late in the second quarter Handley managed to score a touchdown with a thirty-yard pass, but failed to gain the extra point. In the middle of the last quarter, a break in the game provided the visitors with an opportunity to score. Making good their chance and scoring the extra point, the game ended as another victory for the Hub City boys.

HANDLEY NOVEMBER 16 WAYNESBORO

In the last Cumberland Valley League game to be played on our stadium, the Orange and Blue Tornadoes smashed their way to a 21-6 victory over the Judges. Despite the fact that they were overwhelmingly defeated, our boys played a very good defensive game, but the visitors outclassed them both in weight and experience.

HANDLEY NOVEMBER 28 MARTINSBURG

The Bull Dogs and the Judges were slowed to a walk by the mud and rain in the annual Turkey Day clash, which ended in a scoreless tie, the third between the schools in the series of eleven games which they have played. The first downs favored Handley three to one but at no time did they follow up their advantage.

1935 TRACK TEAM

TRACK

Although we cannot make any prediction as to the success of this year's track team, we are confident that under the superior coaching of "Snag" Sargent, it will have an outstanding season. Four of last year's letter men, Sutton, Johnson, Baker, and Thrift, will be back in uniform, and we expect them to perform in their usual brilliant fashion.

Since the annual went to press last year before the track season, we shall give the results of the 1935 team. This team is considered the best track team ever produced at Handley—:

Defeated by Massanutten Military Academy.
Won first place in S. V. A. and R. M. A. meet.
Won first place in Bunker Hill and Hedgesville meet.
Won first place in State meet.
Won first place in C. V. A. L. meet.

BASKETBALL

This year again the boys played intra-mural basketball. Eight of the most outstanding players were chosen as captains, and when they had chosen their teams, sponsors, and titles, an exciting schedule of games were played.

Notre Dame, captained by Halford Baker came through its schedule undefeated, while Yale, captained by Jack Haines proved to be the second best team. In the final series of the tournament between Yale and Notre Dame, Yale proved to be the best team and won the honor of being the champions of "36".

The standing of the teams at the completion of the schedule was as follows:

TEAM	CAPTAIN	SPONSOR	WON	LOST
Notre Dame	"Hal" Baker	Mr. Joyce	7	0
Yale	"Jack" Haines	Mr. Browning	5	2
Army	"Andy" Grove	Mr. Fry	5	2
Columbia	"Bob" Sutton	Mr. Hale	4	3
California	"Miff" Clowe	Mr. Bennett	3	3
Harvard	Donald Smith	Mr. Yates	2	4
Princeton	"Bob" Baker	Mr. Coe	1	6
Navy	"Buck" Thrift	Mr. Mesner	0	7

BASEBALL

Owing to the fact that the seasons for baseball and track come during the same period of the year, we shall do as we did for track and give you a summary of last year's games.

The season was opened with the Judges dealing their opponents a crushing defeat. But this good fortune did not continue through the remainder of the season, and the Handley nine broke even in their schedule, playing six games, winning three and losing three. The scores are as follows:

Handley—13	Woodstock—0
Handley— 3	R. M. A.—6
Handley— 5	Hagerstown—7
Handley—10	Woodstock—2
Handley— 9	Stephen City—10
Handley— 3	Hagerstown—2

THE BOYS' MONOGRAM CLUB

This year the boys' Monogram Club held several meetings, elected officers, and was recognized by the Executive Council as a chartered and active organization. For the past few years this club has been known only by name, and the only time it ever met as a body was to have its picture taken for the annual. After much time and labor on the part of the Senior boys, this group now has the backing of the student body for expenses, and we hope in the future it will become one of the most active clubs of the school.
The officers elected are as follows:

JOSEPH THRIFT
President

MIFFLIN CLOWE
Vice-President

CHARLES GIBBENS
Secretary and Treasurer

GIRLS' MONOGRAM CLUB

The membership requirements for this club are a total of five-hundred points gained from participation in basketball, volley ball, soccer, and track, and an average of B on Physical Education.

A great amount of credit is due Mrs. Barr, the Girls' Physical Education Instructor, for her capable sponsorship and interest in the girls' athletics at Handley.

I WONDER?

Betty Wilkens: "When daddy was born he weighed only $1\frac{1}{2}$ pounds."
Duane Hughes: "Did he live?"

AND SOME OTHERS, TOO

"Now that you've tried my voice," said Helen Willis to Mrs. Riley, "what do you think I should do with it?"
"Whisper," was the reply.

HATS OFF

Mr. Joyce: "The great men of this country don't have to take their hats off to anyone."
"Little" Curry: "Yes they do, Mr. Joyce."
Mr. Joyce: "To whom?"
"Little" Curry: "Their barbers!"

A FALSE STEP

Donald Smith: "What's the matter, Ruth?"
Ruth Evans: "My teeth stepped on my tongue."

BULL-ONEY

Margaret George: (pointing to calves on farm) "Oh, look at the cowlets."
David Headley: "Those aren't cowlets, they're bullets!"

TO THE HIGHEST BIDDER

Ralph Shafer (to one of Catherine Mudd's little sisters): "Here's 25c; go out and get yourself something to play with."
Little Sister: "Here's 50c—let me stay and watch you."

AN ANGEL

Jack Haines: "My girl is divine."
Q. Flickenger: "Your girl may be de vine, but mine is de berries."

MUTINY

Miss Murdough: "Tell me your name, please."
New Pupil: "Ida Kline."
Miss Murdough: "You decline? Well, you can stay after school until you tell me."

THE WEIGH TO DO IT

First Aid Teacher: "You say you can carry 80 pounds. What would you do if a drowning person weighed 160 pounds?"
Forrest Jones: "Make two trips."

Jane Rosenberger: "I've added these figures eight times."
Miss Robinson: "Very good and thorough."
Jane Rosenberger: "Here are the eight results."

HE LIKES THAT MOUNTAIN MUSIC

"Did you ever hear anything so perfectly wonderful?" exclaimed Jessie Hillyard as the radio ground out the last notes of the latest thing in jazz.
"No," replied Mr. Browning, "I can't say I have, although I once heard a collision between a truck load of empty milk cans and a freight car filled with live ducks."

Harry Stewart: "Why do they call these things dressing-gowns? You can't dress in one of them."
Stewart Mowrey: "Well, you don't take a bath in a bath-robe, do you?"

HOW MANY CABLES TO A CABLEGRAM?

Mr. Hale (to last year's Physics class): "A bridge is a road supported by cables."
Stewart O'Rear: "I know a man supported by cables; he cables home for money."

THE CAMERA CAN'T LIE

Bill Huntsberry: "I don't like these pictures. They don't do me justice."
Mr. Jolliffe: "Justice? Boy, what you want is mercy."

John Sutton: "Next to a beautiful girl, what do you think is the most interesting thing in the world?"
Bob Sutton: "When I'm next to a beautiful girl I'm not thinking about statistics."

Jimmy Himelright: "Why are you painting one side of your car red and the other blue?"
Billy Forney: "It's a fine idea. You should just hear the witnesses contradicting each other.

H. H. S. Graduate, '36: "Good-bye, I am indebted to you for all I know."
Mr. Quarles: "Don't mention such a trifle."

Ray Barrett: "Yes, I'm a big gun at school now."
His Father: "Well, then, I'd like to hear some better reports from now on."

This is Sydney—Sydney is in Australia—Austraila is far away—"Over the Hills and Far Away" is a song—songs come over the radio—radios are in houses—houses are made of wood—wood comes from trees—some trees produce nuts (take a deep breath if you haven't already) Therefore, Sydney is some nut!

THE JOKE EDITOR RAMBLES ON

Visitors to Mr. Hale's room are still rather puzzled at the frequent outbursts of horse-laughs—notably from Edgar Koontz. The truth of the matter is that Mr. Hale must have his little joke and if he has any weakness, it is to have his jokes laughed at. Here are some samples of Mr. Hale's horse-laugh provokers.

"If everything could be explained, there would be no mysteries. And I am sure no reputable druggist would illegally sell narcotics, because, if he did, he wouldn't be reputable."

Certainly, we like Mr. Browning, but, frankly now, I doubt if his signature is, or ever will be, famous unless by a strange paradox his poems are accepted by some millionaire publisher who doesn't need to make money.

Miss Laughton received the prize essay the other day.

"My subjek is 'Ants.' Ants is of too kinds, inseks and lady oncles."

"Sometimes they live in holes and sometimes they crawl into the sugar bole, and sometimes they live with their married sisters.

"That is all I know about ants."

They say Rip Van Winkle slept twenty years, but, of course, they didn't have radios then.

Talking about inventions, you know marvelous things are being invented today. Instruments that will throw the voice of a speaker a mile have been perfected. Now we only want one that will throw the speaker the same distance.

Some people are so darned smart! Take our President, Loring Himelright, who fed his chickens a mixture of saw dust and mash, finally giving them just sawdust. He breathlessly awaited the hatching of some eggs laid by these chickens. What a surprise to find that the chickens which hatched out had wooden legs!

Now he has a right profitable business selling wooden legs.

An optimist is a person who doesn't care what happens if it doesn't happen to him.

"Last Words" of Famous People:

"Hand me the matches, dear. Where did you say the leak was?"

"Is this the accelerator?"

"They said this crevasse wasn't safe, but I'm standing six inches from the edge, and it hasn't given way yet."

"Do you know, this doesn't look like dynamite to me."

And talking about laziness, the laziest boy we know refuses even to labor under a delusion.

Here's something to test your memory or lack of it.

Fleas and flies with the "flu" flying and fleeing up the flue—the fleas are flying and flies in a flue can fly with "flu."

"And how are all the Folks?"

Is there someone in your family about whom you're a bit concerned; someone who is a "little run-down" or "not doing so very well?"

Have you had the Doctor make a careful examination and diagnosis? One call now may save ten or a dozen a little later—to say nothing of preventing unnecessary suffering and possibly serious complications.

The old expression, "Doctors cost money" is never so true as when they aren't called at all.
